Sunday	8:00 PM	Waughtown Recovery, 1024 Waughtown St., Winston-Salem, NC, (Forsyth)

9. Click on meeting you want to edit and you will be able to change Meeting Name, Weekday, Start Time, Duration, World Committee Code (if you have one). Use NC or SC **ONLY**, otherwise your meeting will not display properly on the Meetings in NC or SC pages.

Below are the fields for a meeting in the BMLT(please fill out all fields):

- a. **Meeting Name** - This is simply the name of the meeting.
- b. **Weekday** -This is selector that allows you to choose which day of the week the meeting gathers.

- c. **Meeting Start Time** - This allows you to select the time of the day at which the meeting begins.
- d. **Duration**-This allows you to select the duration of the meeting.
- e. **The World Committee Code** - This code is the code that is provided by [NA World Services](#) to correlate the meeting to the one in their database. It is very important for coordinating your database with theirs. You must get this code from NAWS.
- f. **The Location Edit Tab** - In the "Location" tab, you enter the information that specified the meeting location. This is things like the address information, location name, as well as extra location information.
- g. **Location**- This is the name of the location (for example: "Bethany Methodist Church" or "Parkway Community Center").
- h. **Extra Info** - This is any extra helpful information, like "Cafeteria" or "Enter Behind the Rectory." *Directions to find meeting rooms is especially helpful.*
- i. **Street Address** - This is the street number (like "123 Main Street").
- j. **Neighborhood** - Optional. In some towns, neighborhood information is useful, like "Cambridge," or "Brownsville."
- k. **Borough/City Subsection** -This is a legal city subsection, like "Brooklyn" or "Shinagawa."
- l. **City/Town** -This is the main municipality name. For example, "New York City" or "Denver"
- m. **County/Sub-Province** - This is the county, such as "Montgomery," or "Suffolk."
- n. **State/Province** -This is the state, or province. You should always use the appropriate "shorthand" version, like "NC" instead of "North Carolina," or "SC" instead of "South Carolina."
- o. **Zip Code/Postal Code** - The zip code or postal code for the location.
- p. **Nation** - You should always use the "shorthand" code, **USA**
- q. **MAKE SURE YOU select the long and lat button ANYTIME you make an address change.**

Set Longitude and Latitude to Address

Saving Changes

If you have made any changes, the “Save The Changes to This Meeting” button will become enabled. Clicking on it will immediately apply the changes. If you close the editor while this button is active, you will get an alert, asking if you are sure that you want to lose the changes. *Saying “No” will simply cancel the editor close.*

When Finished make sure to use the  button.

Adding A New Meeting

Once you’ve logged in steps 1-5

1. At the top of the Edit Meetings Tab

there is a button for Create A New Meeting – depress the button

Search For Meetings **Edit Meetings**

Create A New Meeting

Basic **Location** **Format** **Other**

Meeting is Published
